

GUARANTEES OF ORIGIN FOR THE TIME PERIOD JANUARY – DECEMBER 2021

HERON attests disposing of the required Guarantees of Origin corresponding to the consumption profiles of the company **AKRITAS S.A.**

HERON confirms that it supplied 100% of the energy consumed by the company **AKRITAS S.A.** at its facilities during the period January - December 2021 with electricity injected in the Grid and produced from 100% renewable energy sources.

The competent Issuing Body of the Guarantees of Origin in the Interconnected System and Network is the Market Operator in Greece (LAGIE) that is responsible for the issuance of the Guarantees of Origin on request by generators of renewable electricity. The Guarantees of Origin evidence the origin of electricity generated from renewable energy sources and refer to specific installation and have specific duration. LAGIE holds the Registry of Guarantees of Origin and upon request issues, modifies, transfers and redeems Guarantees of Origin.

The aforementioned Guarantees of Origin are unique and disposed by HERON exclusively for the company **AKRITAS S.A.** and for the satisfaction of the demand of 22.807,00 MWh for the time period January - December 2021.

Antonis Dounias, B2B manager
