

GUARANTEES OF ORIGIN FOR THE TIME PERIOD JANUARY - DECEMBER 2022

HERON SINGLE MEMBER S.A. ENERGY SERVICES («HERON ENERGY S.A.») hereby certifies that it has proceeded with the revocation of the required number of Guarantees of Origin, in order to certify the origin of the total amount of energy consumed by the company **AKRITAS S.A.** for 2022, by virtue of the Power Purchase Agreement (PPA) between the company and HERON ENERGY S.A..

The Issuing Body for the Guarantees of Origin is the Renewable Energy Sources (R.E.S.) Operator and Guarantees of Origin (DAPEEP) Société Anonyme which is responsible for the issuance as well as the transfer and revocation of the Guarantees of Origin by R.E.S. or H.E.C.H.P. DAPEEP S.A. also manages the Register of Guarantees of Origin in compliance with the European Standard CEN EN 16325. The Guarantees of Origin certify the origin of the energy produced by facilities of Renewable Energy Sources (RES) or High Efficiency Cogeneration of Electricity and Heat plants (HECHP), which operate legally.

These Guarantees of Origin are unique and have been revoked and distributed in a timely and legal manner by HERON ENERGY S.A. exclusively to the company **AKRITAS S.A.** to cover the total annual consumption from its installation/from its installations, which is equal to **1265 MWh**, according to the certified data of the competent Operator concerning the period from January 1st, 2022 to December 31st, 2022.

FOR HERON ENERGY S.A.

Antonis Dounias, B2B manager
Athens, February 1st, 2023
